

Team Hyde Park working well together

To the editor:

I write this letter in support of Team Hyde Park. I've lived in this town 52 years, and have seen some tumultuous elections, some benign ones, and some truly important ones. This is a truly important one!

This current administration has shown leadership, initiative, intelligence and perseverance. They work well together and are always willing to listen to their constituents. I feel that at this juncture it is important to continue the path to progress they are on. The town has not looked so good in many years.

I am personally ecstatic with the demolition of the derelict gas station at the Greentree entrance. For years we were told there was "nothing we can do" about it. Well, thanks to the hard work and refusal to take "no" for an answer by Emily Svenson and Aileen Rohr, the station is gone and they are improving what has been an eyesore for many years.

Some feel "voting for change" is a good thing, but when things are going in the right direction, why would you do that? Changing horses in mid-stream is risky business. Please keep Team Hyde Park.

I can't wait to see all that they will be able to accomplish with the six years of experience and progress behind them. Please don't assume that they will win and that your vote doesn't count. It absolutely counts on the local level – much more than it does on a national level. So, be sure to vote on Nov. 7.

Pat Sheehan
Hyde Park
